**Re: Ex parte Notification - Time Domain Corporation
ET Docket No. 98-153**

Dear Ms. Salas:

On September 23, 1999, Ralph Petroff, President and Chairman of Time Domain Corporation, and I met with Julius Knapp, Chief of the Policy and Rules Division of the Office of Engineering and Technology. We discussed the current status of the Commission's *Inquiry* into ultra-wideband and the possibility of a rule making that would follow in response to the record made in the *Inquiry*. To this end, we asked about how rules might be structured to provide various categories of emission levels, operating restrictions, and authorizations depending on power requirements, operating spectrum, and applications.

Should any questions arise concerning this matter, please contact me.

Respectfully,

David E. Hilliard

David E. Hilliard
Counsel for Time Domain Corporation
